Inferno Pizza was established in 2015 based on a dream two cousins had to make delicious food with fresh ingredients. The flagship location in North Huntingdon, Pa quickly became a local favorite and an Award Winning Concept not only in Norwin, but in the Pittsburgh area too. Inferno Pizza has received multiple Awards for their Pizza, Wings, & Hoagies. Brandon and Jeff will continue to expand the Inferno brand with new planned locations. *"Fresh food is very important to us here at Inferno. We have our own homemade dough recipes and take pride in how all of our our menu items taste, the owners said."* We not only care about our food, but helping our communities too by sponsoring youth and adult leagues, First Responders, students, and our retired community. We appreciate all of our customers and thank you for all the support through the years! Please visit www.eatinfernopizza.com for more information.
